Folding Portable Speakers
User Guide

Music Wherever You Go!

GETTING STARTED

Adding Batteries

1. Pull back the middle piece to free battery cover.
2. Open the battery cover by sliding it down.
3. Insert four AAA batteries following the positive and negative positions (for ease of battery removal, make sure to place the batteries over the string).

4. Close battery compartment by sliding up battery cover until completely closed.

Turning the Power On and Off

1. Turn ON i2i Folding Portable Speakers by sliding ON/OFF switch located in the back side with your finger to the left.
2. Turn OFF i2i Folding Portable Speakers by sliding ON/OFF switch located in the back side with your finger to the right.

Audio. No Strings Attached!®

Attaching your i2i Stream, iPod or MP3 Player to Speakers

1. Pull back the middle piece until it stops. (is it then fully extended)
2. Lay the speakers on a flat surface and pull out speakers horizontally.
3. Place your i2i Stream, iPod or MP3 Player on top of the rubber piece.
4. Push in the speakers towards the audio player until there is a snug fit.

5. Use your finger to slide out the 3.5 cable located at the back of speaker.

6. Attach the 3.5 cable to your music player's 3.5 Jack and enjoy the music.

Attaching your Cell Phone to Speakers

1. Pull back the middle piece until it stops.
2. Lay the speakers on a flat surface and pull out speakers horizontally.
3. Place your cell phone on top of the rubber piece.
4. Push in the speakers towards your cell phone until there is a snug fit.
5. Use your finger to slide out the 3.5 cable located at the back of speaker.
6. Attach the 3.5 mm to 2.5mm converter to the speakers 3.5 cable.
7. Attach the 2.5 mm to your cell phone jack and enjoy the music.

Using an AC/DC Charger

1. You can purchase an AC/DC 5V charger separately to operate your speakers with electricity rather than batteries by plugging it to an electrical socket.
